## End-of-Life Notification

August 1, 2008

Dear Valued Customer:

As part of our on-going product lifecycle management process we have identified several products that will be transitioned to an **“End-of-Life” status effective immediately**. The part numbers included in this action are listed in “Appendix A” attached to this letter and include California Micro Devices white LED drivers.

California Micro Devices has sold the assets related to these products. For information regarding how you may place purchase orders for these products, please contact California Micro Devices’ customer service department. You may contact your regular customer service representative or David Wu, manager, customer service at 408-934-3168 (phone) or [davidw@cmd.com](mailto:davidw@cmd.com) (e-mail).

If you have any additional questions concerning this End-of-Life notification, please contact your California Micro Devices sales representative.

Regards,

*Kyle Baker*

Kyle Baker  
Vice President, Marketing
